

Our Mission:

Here at Simcoside we do everything possible to present the message of Jesus Christ in a contemporary and relevant way. In all of our environments and various programs that we offer, our desire is to see people pointed towards Christ.

Our messages are Bible based with programs that are structured to introduce people into a relationship with the living God and to help them grow in that relationship.

Missions: At Simcoside, we have a heart for both local and global missions. We support six local outreach programs within our community in Orillia through finances, prayer and service.

On a global scale, we support two families through different organizations and connections. One of those families is located in the Middle East, the other in Africa.

You can follow the Cymbaluk's journey in Africa through their newsletters or their blog at <http://www.cymbaluk.com>
